Interns must be eighteen years of age or older or be accompanied by an adult. Our internship environment, learning is a hand-on process. Daily schedules are flexible due to weather, animal needs and other conditions. Responsibility rests with the Intern to observe our policies and take advantage of the opportunities at hand. Our policies will be reviewed in detail as part of the in-depth orientation upon arrival at the ranch. Helmets are strongly recommended, so bring your own or use ours. In compliance with the Certified Horsemanship Association, a helmet release MUST be signed if you choose not to use a helmet with in the vicinity of the corrals or horseback.

Applicants to the Internship Program should indicate your willingness and ability to endure long hours of physical activity. Be candid with yourself and with us about your goals and your limitations.

No prior experience is required. There are no right or wrong answers to “why you want to do this.” Goals are as numerous as the individual Interns who come here. However, you must know your goals, even if they evolve while you are here, and be self-motivated to achieve them under our close supervision. We will discuss with you whether your goals are realistic and work with you to achieve them.
