SINCE 1986

BASLER ELECTRIC SOUTHERN CALIFORNIA REPRESENTATIVES

SENSORS AND ACCESSORIES

SUNX	photoelectric sensors, fiber optics, and pressure switches
STI	safety light curtains, interlock switches, and safety mats
SENIX	ultrasonic sensors
ACI	proximity sensors, pilot devices, relays,
BASLER	power generation protection and relays
INT'L POWER	DC power supplies
LUNDAHL	level controls and sensors
MENCOM	cables and connectors
PANASONIC	laser measurement and vision systems
EMF	electrical enclosures

MOTION CONTROL

AC TECH	AC variable frequency drives
CONTREX	digital speed controls and servos
DANAHER	SECO AC vector VFD drives and ,digital DC drives upto 250 HP
NOOK	acme and ballscrew assemblies, hardened linear shafting, linear actuators, and linear ball bushings, X-Y tables
FORCE	oil shear clutch brake systems
DART	DC drives and speed following controls
CARSON	precision low backlash servo speed reducers
SAFTRONICS	AC vector duty variable frequency drives and digital DC drives, complete systems provided
PACIFIC BRGS	linear motion rulon bearings and shafting
PIC DESIGN	precision mechanical components and motion positioning slide tables
HITACHI	variable frequency drives, vector drives

WEB HANDLING PRODUCTS

BOSCHERT	safety chucks for airshafts
NEXEN	pneumatic clutches and brakes, edge guides, and tension controllers
DOVER FLEXO	load cell based tension controllers
CMC	closed loop tension controllers
MAGNE	magnetic particle clutches and brakes
EMT	Deublin airshafts and core chucks
TIDLAND	airshafts and core chucks, slitter systems
SUPER CHUCKS	safety chucks for airshafts
MAGPOWER	magnetic clutches, tension controls
MONTALVO	tension control brakes and controls
ACCUWEB	ultrasonic edge guide controls

INSTRUMENTATION

DURANT TRUMETER	counters, rate indicators, digital speed controllers, voltage and current meters, productivity monitors, rotary encoders, and process meters
BASLER	exciters ,power relays, regulators
<u>POWER TRANSMISSION COMPONENTS</u>	
LEESON	AC and DC motors, sub-fractional gearmotors, and motor controllers
MARTIN	sprockets and gears, timing pulleys, v-belt sheaves, and couplings
HUB CITY	mounted bearings, right angle and inline speed reducers
NORD	helical worm right angle speed reducers
STERLING	AC motors, right angle reducers, inline helical reducers and vs belt drives
WINSMITH	right angle worm reducers
ELECTRA	aluminum body right angle reducers
BANDO	v-belts, timing belts, variable speed belts
MARATHON	explosion proof vector duty AC motors
JASON	industrial belting of all types
MAUREY	Goodyear belts, sheaves, timing pulleys
BOSCH/REX	silent chain products

NEW PRODUCTS AND NEWS

BASLER	Power Relays, Voltage Regulators
PANASONIC	Sunx / Aromat Sensors and Controls
LEUZE	Safety Light Curtains and Bar Code Readers

Lenze / AC Tech adds new line of Simple Servo controllers. Low cost single and three phase servo control.

Sunx introduces SF4B Safety Light Curtains with digital display and ZERO dead zone.

RECENT PROJECTS

Direct Drives has just completed supplying an entire process control system for a Reverse Osmosis Filter Line. Included were (3) Tension Control Systems, (4) Edge Guide Systems, and a Closed Loop AC Vector Drive. Call Direct Drives for all your Web Handling Applications!
