

YOU WILL LOVE OUR NEW BREADS!

As you may know, the distributor for our breads had changed; they still used the same bakery. We were contacted by another baking company that specializes in kosher, low carbohydrate baked goods. They were able to develop bagels for us that were even better than the bagels that we have been carrying. We took the bagel samples on a weekend trip with us along with lots of cream cheese. WOW! ...we could not believe how delicious they were! We think that you will agree. Carb counts and nutritional are the same, so you don't have to worry about getting used to a new bread or cutting back on consumption. The new bakery is baking exclusively for us, so we have lifted the limits on the bagels and expect to be carrying the new bread in a few

weeks. Until then, you will receive the new bagels, but the breads, onion pockets, hamburger and hot dog buns will come from our original bakery. Please continue to follow the posted limits on bread, onion pockets, hamburger and hot dog buns. To ensure that your breads stay tasty to the last bite, please repackage all breads in freezer bags and freeze them immediately!

Our out-of-stock policies remain the same: If we are out of breads, we will hold your order until the out-of-stocks have come in. If your order does not arrive at your home or office according to our **Perishables Delivery Schedule**, please check with us; there is a good chance that your breads are on back-order and your order will ship as soon as the breads come back into stock. Remember, we only guarantee perishables against spoilage if they are shipped via UPS or FedEx Next Day Air. Please do not ask us to replace or credit your account for spoilage if you have ordered ground shipping and your zipcode is more than 1 shipping day away from 20901.

Please remember our ordering deadline for breads and perishables is Monday, 8am. If you have missed the deadline, we will try our best to ship your order if it will arrive by the end of the week on Friday.

You can help in the following ways:

- **Please check our policies page for your delivery date. Orders are shipped depending on the order that they were received and by zip code. Please contact us by email as we cannot provide this information over the phone. Please put complete information (including area code) in the billing/shipping information blocks. Our software will not permit us to print out a shipping label without an area code or valid email address.**

ORDERING HOURS BY PHONE—6pm-9pm Monday through Friday

- Please try to place your order on the web. However, if you are having trouble placing your order, have questions about products or your dieting regime, or do not have an internet connection, we would be happy to assist you. We no longer accept MONEY ORDERS as a form of payment. If you would like to pay by ELECTRONIC CHECK, please call between 6 pm and 9 pm, and we will place your order for you. If you do not reach us, please **do not leave a message** as our voice mail box is unattended; please be sure to call again. Please ensure that your caller ID is entered into your phone.

YOUR ORDER CONFIRMATION

- If you do not receive a copy of your order via email along with a confirmation of your credit card charge (2 emails), then your order has not gone through. Please wait for a screen that says **THANK YOU FOR YOUR ORDER!** in big red letters. If you see an error message on the final screen, your order has not gone through. Please look for error message and try to correct the information. If you are not able to do this, please email us and we will do our best to get your order to confirm.
- We try to fill special requests, however, this can delay the shipping of your order.

While waiting for your order:

- **Please check your email for your tracking number or for any messages from us.** Please provide us with a correct daytime phone number; we may need to reach you about your order. If you cannot find information from us or from UPS about your tracking number, please email us after checking your INBOX as well as your SPAM folder. If breads are on back order, your order will be shipped as soon as your items have arrived at our warehouse and/or according to our **Perishables Shipping Schedule** (if you have ordered breads, brownies or chocolate).
- **But please be sure to write us if it has been a very long time and you have not received your package.** It is possible that your order has been damaged or lost in transit. UPS is a very reliable shipper, but things do happen on occasion! (Be sure to include the actual order that was emailed to you from the LoCarbDiner, not your credit card receipt! Be sure to include your order confirmation in the BODY of your EMAIL so that we can easily track your order.)
- Please check our **Perishables Shipping Schedule** on our **Policies Page** (<http://locarbdiner.com/policies.html>). This will answer your questions about which day of the week your order will ship.
- Please check your email frequently for emails from us and for tracking numbers that are automatically sent to you from UPS.
- Please be sure that you enter your email correctly in the space provided when you place your order and make sure that UPS Quantum View is entered into your email "whitelist."

Please note our new phone number (below) and thank you so much for your understanding and cooperation.
