

Everyone Loves a Parade!

Warmer weather, flowers are blooming, days are getting longer & Spring Fever is in the air. What better way to celebrate the start of spring than a Parade. . . The Parade of Homes to be exact. For the second year, the HBAJC is hosting a Spring Parade of Homes and realtors, builders, and suppliers are all a buzz and gearing up for the anticipated “busy season”.

All the signs of a successful spring market are in place including low interest rates, lower speculative home inventory, and great home prices. We have been fortunate that Johnston County continues to see growth even under tough economic conditions. Traditionally, spring has been our busiest time of year for new families moving to our area, and the Home Builders & Realtors Associations of Johnston County are planning to take advantage of the timing to highlight some of the area’s most prestigious builders.

The HBAJC Parade of Homes has 27 entries ranging in price range from \$125,000-575,000. To get a sneak peak of this years entries you can go online to www.JohnstonCountyParadeofHomes.com on your PC or Smartphone to view floorplans, interior pictures, and more. Also new this year look for continuous updates on Facebook, LinkedIn, Twitter, and YouTube where you can find home tours, interviews, and more.

So whether you are looking to buy or build a new home or just want to see some great home ideas, be sure to mark your calendar for April 8-10th and 15-17th, because ***Everyone Loves a Parade!***
