

Bug on a Wall

murals for everyone

Introducing "Bug on a Wall" - a Do-It-Yourself mural pattern system designed to help anyone create a room full of murals at a great price. Designed by two friends/moms who found a way to help their friends unleash their inner artist and produce professional looking murals for their children's rooms. After seeing great results and a bunch of happy children, Brenda and Mary decided to offer these original pattern designs to everyone. We are proud of what we have created and pleased to be able to share this idea with others!

Brenda Skeel & MaryBeth Burns

Brenda Skeel - Bio

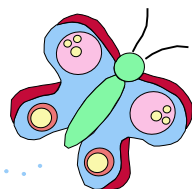

I am a mother of two and a registered architect with a degree from the University of Florida who left the sun to move to Michigan. Mary is one of the first people I met when I moved, and we bonded over the fact that we were both pregnant with our first children. After buying our first home, I decided to hand paint murals for my children's rooms. I am excited to have a way to help others experience the fun of creating a unique mural for their own children and love to hear new ideas and creative ways people think of to use our patterns.

MaryBeth Burns - Bio

I am a homemaker and mother of two living in St. Paul, Minnesota since 2004. I have my marketing degree from Michigan State University. It is a great pleasure to be able to stay at home and raise my children and an even greater pleasure to be able to use some of my working knowledge to create a resource for people who want to decorate their homes affordably. It is my desire to constantly keep our products fresh and user friendly. We welcome your thoughts and suggestions as we grow and expand our business.
