

## **GETTING SUPPLIES/DONATIONS TO ECUADOR**

**Please do not have anyone ship supplies to Ecuador for OSSO ever.** It's always quicker, easier and better to get/send them to us in Rexburg or to one of our helpers in Utah. We can then get them down. When people ship stuff to Ecuador it wastes their money for shipping, and our time and money to get them out of customs. When this has been done in the past, more is spent on shipping and customs than it would cost to buy it new in Ecuador. *Please never do this. We have a system set up to get it down.*

You can let your family and friends know that they can make monetary donations to OSSO (P.O. Box 345, Rexburg, ID 83440) which they'll receive a receipt for. This money is then earmarked in your name and made available for you to help spend in-country on needs in the orphanages (after coordinating your desires/plans with the Project Directors).

If you have someone contact you wanting to gather donations or anything like that, please have them contact the OSSO office to coordinate this—all donations for either city have to be coordinated through the OSSO office in Rexburg. Often if they're willing to gather specific things that have been requested we can have them bring/send it to the OSSO office in Rexburg or get it to a contact in the SLC area, and we can then get it down to Ecuador in the suitcases of those who are traveling down.

We contact everyone who's going to Ecuador through OSSO to coordinate taking down needed supplies in their available suitcase(s).
