

# **SPIRITUAL WARFARE**

## **AND YOUR CHILDREN!**

SPITIRUAL WARFARE, is a constant attack on each parent, grandparent plus each of our children! The sooner we get used to that it is then that each of us can obtain victory! Each of us needs to be ready for various parental challenges on all kinds of battle fronts used by the enemy named Satan. First, we will consider the CREATOR, GOD, then we will have a short conversation

relating to Satan. This writer knows how to make Satan upset! Satan likes attention so when he does not like it Satan gets upset and I like to keep him in that state of mind.

That is enough of that crappy person. Now we will move on to good topics we will visit in the near future in **SPIRITUAL WARFARE**. This writing will be updated on an irregular basis, yet sooner rather than later. As a senior man retired for twenty years, I am not tired. I have multiple thinking on how pleasurable GOD has delivered ETERNAL PLEASURE as an option to each one of us. All we have to do is to live HIS way not the world's way! The way HE created each person HE gives each of us the personal choice on how to live actions HIS WAY.

When the word **personal** is used above, it means exactly that, P E R S O N A L. Can we get really personal with the meaning of that? PARSONAL, means GOD, gives each one of us our own individual choice. That means a parent cannot decide the issue that a child believes in **JESUS CHRIST AS PARSONAL SAVIOR – “THE CHILD DOES”!**

Thus, begins how super important a parent is in the life of each child. Parents are much more important

spiritually than most think. Try to insert this truth into your total being. You are aware of Adam & Eve. Now here begins the human form of super powerful actions mom and dads can do. Dads are opposite Moms as in sex, so they are opposites. Yet it takes opposites to come together as one to create 3 or more. This is exactly a portion of CREATION, that GOD alone (ALONE) created when HE made man in his own image. GOD created ADAM & EVE in a miracle way that ADAM & EVE could create children all by themselves! All Adam had to do was to fertilize Eve's egg to create a new child. So, now GOD has passed down CHILD CREATION to each parent. GOD is the real eternal creator, plus HE has now passed that down to us in the specific ability to create a new child.

With this ability GOD expects each of us parents to teach train, encourage, LOVE our children HIS WAY not Satan's way. How special is all this with HIS WAY? Follow along as this is super strange with importance of how GOD lets mom and dad create each child.

Our own personal **DEOXYRIBONUCLEIC ACID (DNA)** is a recipe only GOD can create. That specifically means Satan cannot create DNA, as only GOD can. That is exactly the way GOD HIMSELF can tract each one of us

perpetually. *Do you remember JESUS said, "I AM THE RESSURECTION AND THE LIFE? THOSE WHO BELIEVE IN ME WILL LIVE, EVEN THOUGH THEY DIE. DO YOU BELEIVE THIS?"*

PARENTS possess huge importance in this short life on this earth. What follows this short life on earth is an existence called **ETERNTIY THAT NEVER EVER HAS AN ENDING**. Parents have no say in where each of their children make their **ENTERNAL INVESTMENT**. YES, they can teach, encourage, love, serve each child. Yet it is up to the child to make that individual decision inside their own **SOUL!** Words can be deceptive but actions do not lie. Actions speak much louder than words you may hear. Words are verbal to what each of us hear, yet actions most of which do not talk, speak inside of each of us much louder!

When parents have children one truth each parent needs to remember is this. **Being the parent, both mom and dad are the leaders, providers, teachers of their GRANDCHILDRENS PARENTS!** All parents need to pay special attention to that truth. Following are a

few more specifics to give special parental attention, take your individual thinking time with.

Parent or grand parent you can get to become a real hero in your family! WE are going to visit some easy home tactics any mom or dad can accomplish well. The good book (**BIBLE**) teaches each of us that GOD made each of us in **HIS IMAGE!** HE gave each of us a good **THINKER**, high in the top of our head. Our task is to use it GOD's way, not the way Satan desires.

# NOW WE VISIT SOME EXCELLENT PARENTAL TACTICS!

Maybe a better word to use is SKILLS, instead of TACTICS. You are the parent so you get to choose! Once you become a parent you are never ever relieved of that position. That is true even after you die, then leave this earth for ETERNITY. What really occurs is this. Each of us enter HEVEN or hell. One other item does happen when this life time ends. What exactly is that one item?

Our LEGACY stays right here on this earth! Your family knows your LEGACY super well.

**How you treated each of them!**

**How you talked to them!**

**How you did home chores!**

**How you treated others!**

**How you handled finances!**

**How you treated GOD!**

That is only a short list of your LEGACY suggestions you are going to leave behind. Can we move on too many more important actions us parents need to do and devaluate correctly? All these are good **THINKING MATERIAL** for you to consider wisely.

That is a real challenge for both parents to counsel each other with continuously. The two of you became one, so now you have three of you or more. Being the leaders' providers of your home, your good thinking ability is not left alone. One positive action you should always consider is this. If repetition causes a negative result, you should not repeat it! Amen and AMEN! Your children are constantly visualizing your actions, so be cautious.

Can we move on to some more very important subjects together some very valuable discussion? Get really good at discussions with your important SPOUSE as they can share wonderful data that can improve all your future actions in your entire family.

**COMMUNICATIONS, HOME CHORES, FINANCES, FREINSHIP MAKING, DATING YOUR CHILDREN, and CONTINUOUS EDUCATIONS will all be discussed.** There is more topics, yet we will leave that at parade rest until the correct time arrives! We will begin with an easy one this grandpa likes to do. Which is;

# **DATING HIS CHILDREN** **& GRANDCHILDREN!**

That may sound strange, yet pay strict attention, read well, plus note all the wonderful procedures. Can we begin now?

**GRANDPA**, makes the date with a young grandchild days in advance. Preferably it is one on one. The grandchild can be even in the single digit years of age. She/he gets to choose typically a fast-food restaurant. The child gets to order anything desired; Grandpa pays. When eating **Grandpa** is only to ask questions, then he has to be quiet and listen!

Here is the real goal. Grandpa wants to learn all about his grandchild by asking simple short questions, then listen! Questions can go like this:

**What subjects do you like to learn?**

**Are you good at home Chores?**

**Can you tell me about a friend or two?**

**What do you like about school?**

**Are you interested in sports?**

**What would you like to learn more of?**

**Are there any hobbies you would like to learn?**

Just get good at asking questions, then listening to what the child's answers are. If you get really good at this you will begin to learn what is most important to each of your children. Your inside emotional SOUL will receive great data on your date with your grandchild.

There is another treat that follows no parent can put a price tag on. Just take a good look at what is standard in our society today on **"DATING"**. It might be fast cars, unattractive clothing, bad language, sexual joking, inappropriate alcohol or even other undesired actions. When parents or grandparents date their children, the child can learn in advance excellent moral characteristics. That alone assists each child how to set their own standards of what to expect when their social dating days arrive.

**NOW PARENTS CAN HAVE POSITIVE**  
**INFLUENCE WITH EACH OF THEIR**  
**CHILDREN WHEN THEY BECOME**  
**POSSIBLE SPOUSE SEARCHING!**

This is why as parents, teaching dating in the child's early single years is a precious parental action. The child learns early in life what a real date should mean. How to use nice clothing, speak nicely, act correctly, plus be respectful around all others. This being a good parenting family event sets in motion excellent expectations of mom and dad. Where do children learn the most valuable manners, talents, healthy CHRISTAIN JESUS VALUES? That is all inside their HOME WITH PARENTS!

By dating your children in their early ages (definitely before their teen years), each child learns gigantically. Parents begin to teach each child expectations of how to be treated by excellent adult socializations. Children love to learn behavior taught by both parents, then act like mom and dad! This then will insert actions on the child's behavior that the parent desires to observe as the child matures. All the parent needs to do is to observe their children in life actions, then pleasantly make good parenting comments. **REMEMBER THIS IS SPIRITUAL WARFARE.** **ALL OF OUR LIFE!**

THE following poster is just a suggestion for a common wall inside of you home that will get noticed frequently. You choose the place, the wall, even change the verbiage. PARENTS, are the leaders, providers, teachers, servers of each of their children.

When they serve with suggestions by JESUS each family member of theirs profit wonderfully. It is then the parents feel they have received SUPER EMOTIONAL SPIRITUAL BENEFITS! IF you are ready then make up your own personal poster to post inside your home so all can view. Simply adjust the following to fit your total family the best of your own THINKING!

## **FAMILY RULES**

Keep your promises

**SHARE**

SAY "PLEASE & THANK YOU"

**Say I LOVE YOU**

HUG OFTEN

**USE KIND WORDS**

LAUGH AT YOURSELF

# THINK OF OTHERS BEFORE YOURSELF

## TELL THE TRUTH

This can be a great program for your entire family members, plus ever visitors to your home will appreciate it. If you desire it larger in size than your printer prints, do this. Go to a like office depot store with you copy you created and have it enlarged like 2 foot by 3 foot for less than \$10.00. Also, if you wish take a photo to them of your children to have it super enlarged. Then you create where to post it inside your CASTLE! This will give you personal interior emotional bragging rights even though you do not have to say anything to anybody! You will begin to be rewarded by the actions of each family member. **CAN YOU REALLY HANDLE THAT?**

PICTURED, are grandchildren, the 3<sup>rd</sup> generation! This presenter of information is Grandpa. Pictured are his Grandchildren whom 8 of which he and his wife of 55 years live with. In their home there are 8 children, their parents and grandparents, a total of 12! They break the rule of 10 multiple times each day. So goes the so-called virus.

When you get 3 generations living together wonderful actions of value begin to arrive. Each generation

becomes a pleasure to the other. Children learning accelerates large with courtesies learned from the other two generations. All three generations become much more considerate of how to be pleasant to all. Each individual family member becomes more helpful, concerned, plus more educated with aging concerns of the total family. It is like WISDOM begins to arrive sooner rather than later inside each SOUL in the total family.

Here is what is to arrive in the near future. On page four is the beginning list of 9 different topics to be discussed. Each will be discussed in the near future to deliver to you and your family ideas for **A PROFITABLE FUTURE FOR YOU INTO ETERNITY!**

# **DATING YOUR CHILD** **ONE ON ONE!**

**READY SET GO!** The youngsters say, when excitement internally says emotionally inside of themselves. Now we will begin a newness most do not think about how to profit both child with parent at the same time. The real investment now is going to be each parent investing special private time at super little expense into the future development of each child. Are you and your spouse ready for the treasure to be built upon? If you are not ready you can stop reading now. Or if you are ready keep reading on, plus use your own personal imagination **to improve your total FAMILY FUTURE!** As a good parent you and your spouse are in charge of your family's future. That possibility will stay with you until you leave for **ETERNITY.**

You do remember the olden days of courting your spouse? If you do not, then go to your spouse and visit about that subject verbally. This may be a good time for the two of you to have good talks about each of you **dating each of your children privately. YES, PRIVATELY!** **A TREASURE CHEST** can arrive when this is done **JESUS Style**, instead of World Style. Yes, there is a gigantic difference from the two!

Here is parent child style of dating each other. The whole purpose is to teach your child how to **JESUS** interact years before maturity begins to arrive in the

teen years. Before that age arrives the insides of your child will know what is appropriate and what is not. There is nothing better than a young child that holds themselves responsible. That can be a real treasure in the family treasure chest!

**SO HERE WE GO.** Ask your child a few days in advance to have a date in the new days to arrive. Inform your child they get to pick the fast-food establishment. Your child gets to order anything they desire, you PAY! Once seated you begin to ask questions, then listen, listen, and listen! Short direct pleasant questions are best. Now is the time for you to listen to what is important to your child. You now can find out what is really important in the interior of your child – that may be different from you or your spouse.

Good parenting is a skill exactly like this. Each of us are totally different, yet in the family we are many parts but one. Family, begins internally to comprehend each of us are different yet we are bonded together like glue to wall paper. That bonds the wall paper to the wall. Another example is like welding. Welding bonds two so called metals together so they cannot be separated. JESUS desires each of us people to individually be welded to him for ETERNITY.

**IF YOU TRUST YOUR MAKER**  
**TO SAVE YOU ETERNALLY**  
**YOU CAN TRUST HIM TO LEAD**  
**YOU FOR A LIFETIME!**

**YOUR maker is GOD.** That can be proven by your own personal DEOXYRIBONUCLEIC ACID. You possess the individual personal power to internally consume the truth of those words inside of yourself. When that occurs, with belief, you have begun the good journey to life everlasting as in ETERNAL LIFE! Then as a good well to do parent, each member of your family, needs your personal JESUS leading encouragement.

This is not hard for you to accomplish. Honest, politeness, sincerity, truthfulness, and good BIBLICAL LIVING STANDARDS ARE REQUIRED on each believers' actions. With good intentionality the begins with Parents to children, then to GRANDCHILDREN. **Life is the finest INVESTMENT OPPORTUNITY TO LIVE ETERNALLY!**

# INEXPENSIVE DE CORE THAT IS PROFITABLE!

PROFITABILITY, actually has little to do with money in this world. YES, money can make a little ease in personal comfort style, yet it has no real relationship with ETERNAL LIFE where each of us are going to end up. When this short life on this earth ends for each of us there are two destinations assigned directly to each person. HEAVEN or HELL. JESUS or Satan!

Here again we will investigate a way to invest wisely in our family without having to spend much money. Parents do not have to purchase home de core with bundles of money they do not have. Expensive physical items that are way over your budget need definitely to be left out of the picture! Can we really take a good look at inexpensive family items to obtain that are great investments? Our first item each of us have, even each of our children have and it has a personal name called --- TIME!

**TIME**, as we know it is normally called 24/7, or twenty-four hours a day, seven days a week. This can be an investment commonalty that is much more valuable than

mostly. Here is one truth about money most of us do not insert special attention too. Here is a quick easy question to insert into your intelligence.

Here is a good question to place inside of your value system. At any funeral you have attended have you ever seen a U HAUL, trailer, or any physical way the deceased is taking physical materials with them? You already know the answer to that question. That does show some good thinking on your part. The most valuable portion each of us possess on this earth is TIME! What is one of the finest investments of TIME that each of us parents possess to invest in?

**It is TIME we wisely INVEST WITH EACH CHILD.**

PARENTS, investing time teaching, informing, sharing truth with their daughter or son has great possibility of dividends to be investment returns. The so-called investment financial investors cannot compare the wonderful returns a good parent involved well with their children can obtain. **Financials are short term when compared to SPIRITUAL TRUTHS.** SPIRITUAL TRUTHS, ARE EVER LASTING, NOT LIKE THIS SHORT LIFE ON EARTH.

**HOME DECORE** can be super profitable that is not expensive in dollars. All parents need to do is to visit well

with each other for valuable decision making. If you have a nice home you own, rent, lease or even live in, you already have the ability to implement your family with riches untold. Again, we will share some THINKING ability to enrich parents into a PARENTING WELL MODE. This is not difficult, as it only needs parents to be creative in home de core. All homes have wall space in multiple areas. Even the ceilings have great opportunities to display family jewels of beauty.

Here are some simple ideas for mom and dad to consider utilizing. This is easy to begin doing, then evaluating as a little time moves on, then still improvements can be instigated as our minds inform us with new actions that are more inspiring to family members. Also, your visiting friends, family members, and anyone visiting your home will like what you have done with scriptures, pictures, sayings, children's creations, plus any of your family's real creative art work. Can we begin with ideas that will encourage you and your spouse to creativity for your family?

**COMMUNICATIONS**, are always important. Many do not have to be stated, just learned with good observing ability. That means at times all that is needed is a simple reminder visually. Like what? Maybe consider:

Notes on bathroom mirror of AM chores?

Note on refrigerator of meal chores?

Living room wall picture 2 ft by 3 ft?

Enlarged child picture of interest?

Bragging family picture on facing outside of living room window!

Nothing has to be said as the pictures speak for themselves without saying a word! The viewers will totally understand the communications. Small pictures can be enlarged in full color for a few dollars at Office Depot or other facilities.

# TECHNOLOGY OF PREMIUM VALUE

TECHNOLOGY OF PREMIUM VALUE, is constantly changing in continuous motion. Get use to it as it is never ever going to cease! This is a great challenge to each parent's thinking ability. The old system of not

being able to view the person you are talking to is gone bye bye. Cell phones deliver like miracles not thought of before. Now one can see the person you are talking too. Also, the total conversation is recordable for anytime relistening too! How is that for automation in our FREE ENTERPRISE SOCIETY? If we are already paying for it, we should use it! At times even our children learn how to use technology, so if you are unaware of how to, maybe ask an intelligent child of yours! Just a simple suggestion on improvements to your total family life style for your total family! Can you handle that?

# PRE-MARRIAGE DISCUSSION WITH CHILDREN

Early in life children learn about opposites – like mom and dad! Each is opposite in sex, yet GOD created them to come together. Now be careful with this subject. You as a parent are expectant, plus depended upon to utilize

your THINKER, wisely for total value. When done correctly your family will receive wonders most do not receive. Children are used to living with opposites constantly, yet their THINKERS do not normally think of it that way. Mom is mom and Dad is dad. They are the leaders, providers, directors! Their thinking ability in the early years is not advanced to opposite thinking. Maybe that arrives later in their single digit years.

Mom and Dad get to decide together when this next subject is best to have in private with their child. Girls, are usually best in earlier life to have with discussion with mom or dad or the three together. This probably is best in the early teen years. Preparation suggestion would be like this. "In a day or two can you and I (or us) have a private discussion about the future?" Then when the time arrives begin the private discussion. Eyeball to eyeball ask this question. "Have you ever thought of being in your own personal family?" This is a good discussion for PARENT/CHILD to have in the child's teen years.

Suggest to your special child this procedure. Can you when time allows go to your computer and write yourself a letter. Please describe the spouse you would like to have. Write about education, dress standards, children desired, housing, vacations, finances, faith worship, plus

other subjects of importance to you. You do not have to show me, but I would appreciate it if you inform me when it is done.

# TECHNOLOGY WITH FUTURE POWER VALUE

TECHNOLOGY, is in constant changing motion. Now on your cell phone you can see the person you are talking too, plus record the total conversation. The old home phone has been retired into the historical museum. Now if you have trouble with technology do this simple suggestion. Ask your child or grandchild with a technological question, then let them assist you!

Your cell phone has tremendous educational helps for each of us. Once on the internet you can ask most any question, then find out the answer. Even libraries have short classes on technological usage. Get yourself good at asking well intentioned questions, then listening, learning the how too! EDUCATIONAL TECHNOLOGICAL LEARNING IS NEVER EVER OVER! Maybe your thought it was, but it is not ever to exist! Get use to this truth!

# **MOM & DAD**

# **BECOMING 1 IN**

# **COUNSELING**

Now this is a real chore for all of us in this life. Refer to the Bible in Genesis 2:24 “**For this reason a man will leave his father and mother and be united to his wife, and they shall become one flesh.**”

**One flesh**, is exactly how you as a parent got with your spouse, then became 3 or more. This is not magic as it is exactly how GOD gave each of us parents the ability to arrive in parenting as a foster parent, adoptive parent or birth parent.

# **NOW BECOMING 1 IN**

# **COUNSELING**

This truth is harder for dads than for moms. Dads are typically bigger, stronger than moms plus have the attitude of you are going to do actions my way than your way. Moms, generally possess intuition of what is emotionally occurring inside of their children. Most of

the time her way is not as physical as dads, yet are more service oriented, that may deliver finer results.

**Good at asking questions.**

**Good at listening to your spouse.**

**Patience with both listed above.**

**Intelligence waiting for the correct procedure.**

**Courage to move forward.**

**Recognition when errors are made.**

**Then moving forward correctly!**

# **JESUS FAMILY STANDARDS**

JESUS FAMILY STANDARDS, can constantly be improved all of our life. Yes, there are times when each of us are completely satisfied with our current status. As time moves on, we normally become aware of actional items that will improve our individual or family status. We need not stop our inquires, as new actional items are constantly appearing. As mentioned, parenting actions

never ever end as even our personal LEGACY is left here on earth even after we die and leave this earth.

It may not seem so, yet all is in some changing motion. Just engage your thinker in motion. Are all your finances the same? Time off planning the same? Any newness you are desired about.

JESUS, is present 24/7. Can we get good at asking our individual self **“WHAT WOULD JESUS HAVE ME DO IN EACH DECISION I NEED TO MAKE?”** Then be conscious enough to evaluate our actions to see if we brought HONOR AND GLORY TO HIM WITH OUR ACTIONS? This is the real test. Us people can say words, yet can we actually truthfully do what we say? The old saying is **ACTIONS PEAK LOUDER THAN WORDS.** Is not that strange as actions to not talk? So how really can that be in life today?

**JESUS SAID, “IT IS  
MORE BLESSED TO**

# GIVE THAN TO RECEIVE!”

HE proved that by going to the cross, so you and I could be saved. You are aware of the saying, MOTHERS GIVE BIRTH! She did much more than even that. For about 9 months she fed, cleaned, secured, nurtured and safe guarded each of her children. Then immediately after giving birth she only desired to hold, feed, with great LOVE HER NEW BORN CHILD!

Giving is exactly what mom and dad do to each of their children. GOD created the way for the two of them to come together so then 1 plus 1 they can be 3 or more. Your presenter had 4 with spouse, could not have more so they entered foster care, had over 20 through the years, then adopted three from different nationalities and continents. Now multiple decades later each is welded like a metal to their total family.

**CAN** each of us take a good look at what the future can return if each of us parents do well in parental actions, decision making, sharing, plus **SERVICE TO OUR INDIVIDUAL FAMILY?** Can each of us place a good potential action inside of our personal being? This will require each parent to become a good investor so our profits in the future will be enormous in size, maybe even unthinkable with today's thoughts! Is it possible for mom and dad to think of that today for tomorrow?

INSTITUTE all kind of blessing/dividends for each of their efforts. NOW SO? Several different actions done by mom with dad are profitable to parents and dad! Are you really ready for a few of them? Get real good using your THINKER as most of us just take these items for granted. Most parents do not realize the true value of what is being returned to the family. In reality each parent can plan wisely for each, then in the near future actually physically receive the profitability of their parenting rewards! This is not difficult. It just requires good parental intelligence JESUS STYLE! YOU HAVE THE ABILITY WITHIN YOU TO DO IT!

**TALKING**, is an early on special asset for each of our children to be masters of. Communications in the family is a great asset to share with each other. Communication is a gigantic tool we all use in our life. Because we

communicate with verbal sentences that is not the end result. All our life we utilize talking to be entertained, learning, knowledge collection, plus obtain personal subjects we individually desire to know about. It is like it never stops until we leave life on this earth.

### **POTTY TRAINING REWARDS,**

When this victory arrives, it is like a gigantic reward to at least 3 different people, MOTHER, FATHER and CHILD! When this victory arrives, we have the pleasure of moving on to more important subjects of newness.

### **CRAWLING, WALKING**

These are special physical talents that return special activities usable continually as needed. Transportation is a special asset that allows movement mostly as needed. It alone is kind of unlimited as to our usage in any given day. As we teach our children how to utilize these assets it is then we can move on to other important abilities in family life. Now this makes all kinds of other adventurous activities possible.

### **HOME CHORES**

HOME CHORES, advance both parents and children into possibly the most profitability venture in both of their lives. That is not a very hard concept to consider, in fact this can be super profitable for parent/child to enhance

upon. Are you really ready mom and dad for this powerful concept? Ok, let us begin with some good thinking material for the whole family! So here we go into hopefully the near future of goodness.

HOME CHORES, are life actions all of us should learn well, especially in REPETITIVE ACTION! Those who do well with this concept are mostly victorious over those who do not! HOME CHORES ARE WITH US ALL OF OUR LIFE. NEED TO REMEMBER A FEW? CLOTHING, FOOD, CLEANING CLOTHS, FINANCES, REGULARITY, LEARNING, GIVING NOT TAKING, PLUS MANY OTHERS.

## **EDUCATION**

EDUCATION IS NEVER EVER OVER while we live on this earth. Newness is constantly progressing each day, regardless of any of our ages. Nothing really stops. Has your finances? Has meal making, or dish cleaning? What about home cleaning? What about your reading ability – has that stopped? Or what about SPIRITUAL LEARNING? We could go on with more, but you get the real truth that EDUCATION NEVER EVER STOPS!

Even if we are at the top of our educational so-called career level, we are not fully educational leveled. It is interesting to take a good look at this. People always talk about the person who invented a new gadget. It is interesting to note that the science was always there in

history or the past. It is just that no other person may have used it in the new way! GOT IT? A NEW PERSON JUST THOUGHT OF IT AND CREATED THE USAGE.

### **OPPOSITE LEARNING**

Be CAREFUL as we are going to discuss some new thinking as in OPPOSITES! Are you really ready for a new creative discussion in opposite thinking? OPPOSITES are FATHERS and MOTHERS! This is 100% proven in sex! Neither can do what the other can do in sexuality. Dad can fertilize moms' egg but mom cannot. Plus, dad cannot create an egg like mom can. Can we move on to where both mom and dad can profit by assisting the other into good positive actions inside their family? When this occurrence begins then the whole family can receive benefits to enjoy into the future, even into ETERNITY where there is no ending!

# **STEPS TO ETERNITY**

# ARE YOU READY?

## CONSIDER THE FUTURE HEAVEN OR HELL?

## FUTURE BLESSINGS

Can be afforded now as to your total plans for the near future, even with your spouse plus your total family. Yes, you are the boss of YOU, as each member of your family is now and will be in the future.

Yes, as a parent both you and your spouse are providers, servers, teachers and leaders.

**YOUR CREATOR (GOD)  
HAS MORE FOR YOU  
IN YOUR FAMILY'S  
FUTURE THAN YOU  
CAN DREAM OF IN THE  
PRESENT!**

Our goals should be to live HIS way as directed in the **NEW TESTAMENT by JESUS**. Not to live by our Society's guidelines. Our current society goes against HIS desires for each of our family members. Drinking and driving,

financial over spending, over eating delicacy's, expensive clothing, over indulgent vacations, plus you can name more on your own.

This is an easy subject for both mom and dad to counsel with each other for their own family improvements. At best this is in frequent discussions with both parents talking privately together. Then both can pleasantly agree to follow the agreed guidelines in the near future. When mom and dad do this their union as two becoming one will get stronger and stronger. Yes, difficulties will arrive yet from time to times both dad and mom can become strong warriors. It is then supper strong emotional SPIRITUAL STRENGTHES begin to energize the total family
