You are aware of the word MISSIONARY. Normally the word MISSIONARY is in our thoughts as a person who enters a foreign land to inspire a spiritual message to the natives of that land. The person who accepts the opportunity of MISSIONARY SERVICE, does encounter many obstacles. A few may be transportation, language, social conditions, different morals, plus communications among other difficult obstacles.

Back to you with how you can inter into the finest MISSION you will ever have in your life. Many different topics will be discussed, for you as a parent, will be super interested in. Most of them you have already interred into, are interested in, plus desire to have good improvement upon. We will begin with the listed topics covered below. You may have others to think about and improve upon within yourself.

YOUR REAL LIFE MISSION

Are you children in your MISSION?

YOUR REAL-LIFE MISSION IS YOU YOURSELF! Life here on this earth is a continuum until the day we pass on and leave it. As each one of us parents were created with our own thinker, we get to make good decisions on how to proceed with each of our parenting tasks. Actually, this can become stronger and stronger when we consult with our spouse, make good agreements, then proceed. Yes, at times we make poor actions, yet with good intentions

each of us are able to recognize them then proceed with finer activity in the near future.

SPIRITUAL ACTIVITY, is super important upon each one of us. How were we created? What is all this DNA talk about? Is that really a special recipe each of us were created with, that makes us different from all others? Who created DNA? There has to be a really good scientific answer to the questions asked above!

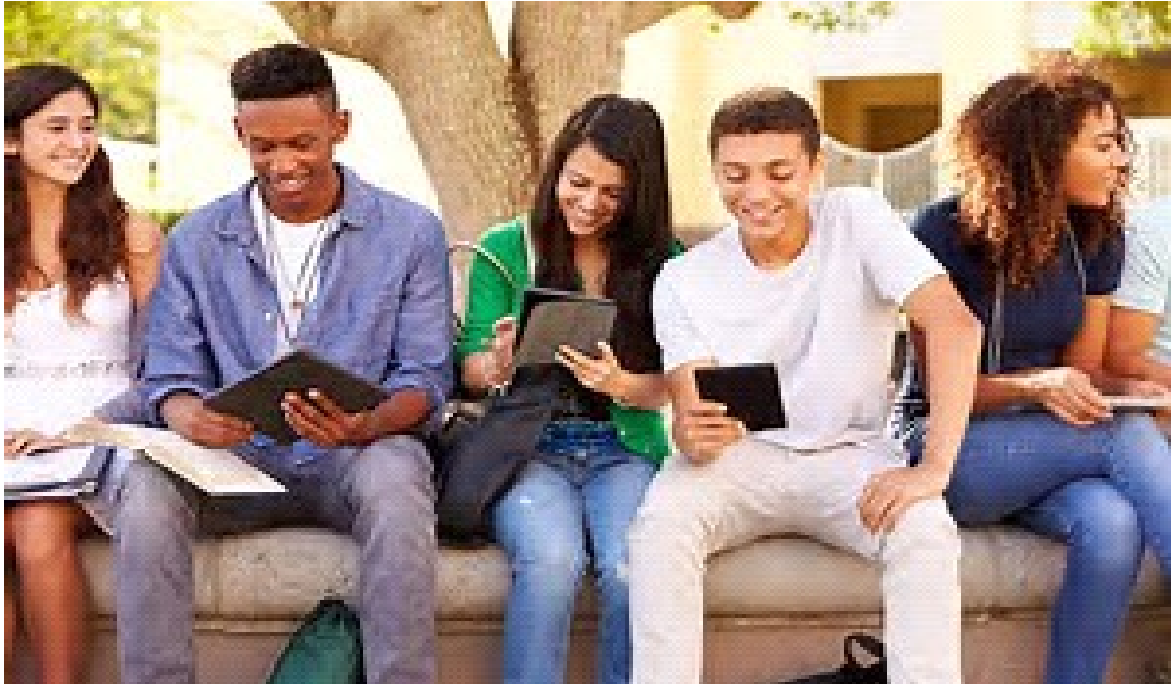

YOUR CHILDREN, came about by you and your spouse joining together to become 3. How does 2 become one, then they are 3 or more? The two of you were put in charge of parenting. Get used to it. Parenting never stops, even after we die. Their lives will go on long after that and they will live with the morals, habits, plus customs you taught each of them.

FINANCIAL TRAITS. Your entire family is learning from you on how to handle financial tendencies. Parents, need to realize they may say one thing yet what they do speaks much louder than what they may say. Children watch everything a parent does. Words are not close to the convincing physical actions parents demonstrate to each child. Parents physical actions speak much louder than any word they say. CHILDREN, are especially

observant on how you invest in every living standard. That includes meals out, grocery buying, clothing purchased, clothing worn, investments made, vacation investments, plus everything you invest in!

SOCIAL BEHAVIOR SPOUSE TO SPOUSE. Spouse to Spouse is the most powerful personal reactions your children will receive in parental actions. This is exactly where your children will learn how to treat the opposite sex! In time children learn all about dating with the opposite sex. This is why we suggest parents should make individual dates with their children and grandchildren. They need good healthy spiritual examples to follow! Is that you and yours?

HOME CHORES, are they well distributed inside your family? Are they capability assigned? Parental WISDOM is accumulated when this is adjusted correctly. Parenting is done well when parents know when each child is ready to learn, plus receive emotionally good strength when learning new life skills.

COMMUNICATION SKILLS, should be a constant effort in each of us to continue to improve upon. Do not be afraid of Q and A, as in Questions and Answers. BEST PROCEDURES? Ask short specific questions, then with good eye to eye contact be quiet and listen to your child. This will return super valuable information for parents. You desire to learn what is inside your child intelligently, intellectually, spiritually and physically. This technique will assist you as you proceed. It will also deliver WISDOM for you to use in the near future!

AS EACH CHILD AGES, parenting techniques need to be instituted more sharply, attentively, spiritually, hopefully

with both parents plus among the whole family. Really, parents teach parenting, and children actually teach parents. Just get used to gathering information, then use it wisely to make wonderful family leadership actions.

You are aware of your children continuing to age spiritually, physically, and mentally. It all began at conception, birth, walking, talking, smiling, holding, plus other skills that keep on in life. Us PARENTS, are constantly challenged to be great INVESTMENT PARENTS on how to **PARENT WISELY!**

BOTH PARENTS, possess a constant challenge to improve their parenting skills to return profits in this life and ETERNITY. Life everlasting is not based on DOLLARS! What is it based on? The person who is the main character in the **NEW TESTAMENT, JESUS CHRIST**. When we bring honor and glory to **HIM**, we parent with his directions!

WORK BEATS TALENT!

HARD PARENTING WORK

BEATS TALENT WHEN TALENT

DOESN'T WORK HARD!

WORK BEATS TALENT, many times in our life, and parents know of that at times within themselves plus their children, plus at work. Can we take a good look at this condition when we actually witness the results of when WORK BEATS TALENT? This is true especially when talent does not work hard! Yes, when talent does not serve hard it is then we have to believe, know, plus implement how to develop talent better to create a better life style. This is true even when more energy coupled with spirituality is needed!

This is incredibly true with family living. Many time's PARENTS will say one thing, then move ahead and not do what they say. Actions like it is good to do the dishes nicely. Then watch what the parent does in action. Do they do the dishes politely, or leave them for others including vocal complaints? This standard of life may repeat itself in different direction.

Us parents get really good at describing what life characteristics should really be like. Good dress standards, home chores done well, financial conditions upheld spiritually correct, make good healthy friendships, improving career standards (home parenting or employment). Yes, you are familiar with your own personal characteristics, so can you improve yourself? Are you dedicated to improving your parenting, spousal

techniques both physically with verbally proving it to each member of your family?

The past is over **DONE, GONE!** We are entering a super new age with children learning **TECHNOLOGY** along with their parents. Here is one truth being proven today and tomorrow. Youngsters are learning how to control technology better than their parents! **PARENTS**, get used to that fact! Even so, there is another better parenting technique to utilize by each parent. That fact is this.

Even if your child is fascinated with usage of electronics you are aware of what you desire for your children to learn. Hopefully, it is not a lot of the garbage on the internet! Like porn, bad words, sexual pictures, plus other negativity. If you are in agreement with that there exist handsome alternatives the healthy parents can utilize.

PARENTAL SUGGESTIONS FOR CHILDREN INTERNET USAGE!

CHILDREN, earn the privilege of using cellular internet tools by earning the individual right! If they cannot pay in dollars for the right, parents can still use this opportunity by correctly assigning home chores to be completed. As time moves on with the child advancing in ability correct parent adjustments are needed. This can be improved until each child in advancing teen years can handle required finances with parental agreement.

PICTURED, are grandchildren of one family. Each are advancing into adult years. This is a different world that their parents grew up in. Old parenting techniques need to be improved with today's opportunities. Good parents are learning that truth, then they are adjusting well. A MORE FUN TOPIC IS NEXT!

**The way we talk
to our children
becomes their
inner voice.**

— PEGGY O'MARA —

WWW.VERYBESTQUOTES.COM

Communication with our children is super powerful. Even stronger than when we communicate with others in our daily life with all others. Within this writing we will visit about many different quotes you can use in multiple discussions for the profitability of your family. This will include your spouse immediate family members plus other extended family. This information is presented just for you. YES, you may read it, yet

there is one more important event that is possible by you, and you alone. What is that? It is an opportunity that only you by yourself can provide. What is that?

It is this. **Only you**, are the one most important person with this information. How special is that position only you possess? Only you have the ability, yourself, to implement in your parenting life the following truths. Parents are the super special people in the life of each of their children. There is no one else in the life of each child than their MOM & DAD! That really means NO ONE! The truth is that means you are more special in the life of your children than even any possible school teachers!

All one needs to do is to just take a quick look back at your own life. Did you acquire any tendencies from your mother or father? Can you name any of them good or bad? This can be a quick review to yourself on how special you are as a parent. As a parent your children learn special techniques from you that your children will possess for the rest of their life. This is true for both good or bad personal techniques.

In life each of us has the ability to really judge our self. How powerful is this asset that each of us possess? The ability to judge our self is this SPECIAL. Others can have an opinion of us, yet we get to decide our self on the best way to proceed into the future. Yesterday is over, not to be changed. Yes, we can talk about yesterday, yet we can never go back and change history. What ever happened, happened. This is a truth that

each of us has to get used to. As yesterday is over, today is the present!

TODAY, is the present. A PRESENT is defined as a gift, like a birthday present or a CHRISTMAS PRESENT. Now we will take it a little more in advanced thought. The challenge to each of us parents is to obtain each of our thinkers (brain) to advance our good thinking to obtain well advance parenting thoughts with actions we can do to advance each person within our family to receive blessings, assets, dividends, all with the ULTIMATE SPIRITUAL LOVE ATTACHED. If that is a parental goal with you

that you wish to share with your spouse let us proceed. So, if each of us use TODAY as a good present we can utilize it to make good decisions for the near future which begin right after you read this!

TOMORROW, is the future. Every parent should be diligent to be as useful with the present of today to make good plans for the future of their family. With twenty-four hours each day, seven days a week all of us parents have the direct ability to plan for tomorrow. When does that really begin? Immediately after you read this.

In QUOTES TO USE – PARENTS, we will proceed with many quotes, then discuss each one individually. You can proceed to any individual one that maybe of special interest to you at the present time. Different ideas will be discussed that may give you certain thoughts on how you may proceed with them. Also, you yourself may have your own personal thoughts on how to profit from their individual usage in your parenting life.

In this presentation you do not have to read this writing in normal fashion from beginning continuously to the end. All you need to do is preferably take a good look at the topics covered. Then proceed to the topic that is of importance to you or your spouse. Being the leaders of your family, you have both the responsibility with moral authority to lead your family.

PEACE

IT DOES NOT MEAN TO BE IN A PLACE WHERE THERE IS NO
NOISE, NO TROUBLE OR HARD WORK; IT
MEANS TO BE IN THE MIDST OF THOSE THINGS & STILL BE CALM
IN YOUR SOUL & HEART!

Do you have PEACE inside of you? This can be a super confusing subject to answer. At various times during any given day each of us can have difficulty with our emotional feelings that may not be emotionally peaceful. With each of us parents this can be standard procedure. With children's situational events are in constant motion, constantly. Just observe our facial expressions, our verbal responses, our wondering decisions, the different options available all with the possibilities! You are beginning to wonder if there is a University to go to so you could receive a DOCTOR'S DEGREE IN PARENTING!

The truthful answer is there is not a University Degree available in that endeavor. Yet, there is a better answer to that whole question on parenting. It is found in the NEW TESTAMENT by JESUS CHRIST! Each and every question you or your spouse may have on parenting is directly answered there! Of super importance is this. Pay direct attention to the exact words of JESUS CHRIST. When parents follow HIS directions, better results are not possible!

SOUL

Where is your SOUL? The medical profession knows where your heart is and your mind. It cannot

Inform you where your SOUL is! Jesus says “I am the resurrection and the life. He who believes in me

Will live even though he dies, and whoever lives and believes in me will never die. Do you believe

This?”

This statement by JESUS, is directly directed to each person.

LOVE

THERE IS NOT FEAR IN LOVE but
PERFECT LOVE DRIVES OUT FEAR!

2 TIMOTHY 4:18

**“THE LORD WILL RESCUE ME FROM EVERY EVIL ATTACK and
BRING ME SAFTLY TO HIS HEVENLY KINGDOM!”**

PLEASE PAY ATTENTION TO THE ABOVE!
Your physical attention is more valuable
To your children than presents you give
them!

FEAR

THERE IS NO FEAR IN LOVE. BUT PERFECT
LOVE

DRIVES OUT FEAR!

Get good at giving them both times laced with valuable quotes. The finest present a child can receive is valuable

time with each parent. The parent of the same sex and the parent of the opposite sex. Yes, even the opposite sex has super value to teach. That can really be of super value in giving your child precious value in appreciation on how to value opposites, (Male and Female). More on that later in other short excerpts. For now, we will consider some quotes of value to consider.

FAITH – must be accompanied by action or it is death.

PARENTS – if you are falling to plan you are planning to fail.

Make your vocation your vocation.

JESUS DOES NOT CONDEMN, HE FORGIVES, CAN YOU?

(A parent gets good at the above!)

WORSHIP THE SON SHINE, NOT THE SUN!

JESUS said, “I am the resurrection and the life, he who believes in me lives, even though he dies. Do you believe this?” Life is after death!

JESUS, does not buy junk, HE paid the price for YOU!

YOU are priceless!

EFFORT DOES NOT REQUIRE TALENT!

(Thank JESUS, HE values your SOUL, not your heart or mind!)

PARENTS NEEDED to learn talents not known!

HAPPYNESS IS NOT A DESTINATIONS, IT IS A WAY OF LIFE! CAN YOU LIVE BY IT?

10,000 % interest is $100 \times 100 = 10,000\%$, Mathew 19:29,
Mark 10:30

(If your give \$1, get back 1\$ that is 100%)

(100 times 100% = 10,000%)

JESUS said, "I and the FATHER are one" John 10:30.

Do not count sheep – talk to the Shepard.

“-----A cord of three strands is not quickly broken”
Ecclesiastes 4:12

MY GRACE IS SUFFICIENT FOR YOU FOR MY POWER IS
MADE PERFECT IN WEAKNESS” 2 Cor. 12:9

“YOU SHALL HAVE NO OTHER GODS BEFORE ME”,
EXODUS 20:3

LOVE IS NOT EGOCENTRIC – LOVE IS ACTION TOWARDS
OTHERS

WELL, DONE IS BETTER THAN WELL SAID

PARENTS NEVER LEAVE FOR TOMORROW WHAT CAN BE
DONE TODAY!

SATAN'S FOUNDATION IS DESTROYED AT GODS WORD

POWER FULL WORDS, PLEASE, THANK YOU, YOUR
WELCOME

BOTH PARENTS ARE NEEDED TO HAVE THE HEART OF A
TEACHER!

NO REGRETS, JUST LESSONS LEARNED

TWO BECOME ONE – GENESIS 2:21, MATHEW 19:6b

James 1-27 – “Religion that GOD our Father accepts as
pure and faultless is this: to look after orphans and
widows in their distress and to keep oneself from being
polluted by the world.

Getting good GODLY principles is exactly what each of us
parents should constantly practice. JESUS, explains each
parenting guideline in the NEW TESTAMENT!

“Each parental challenge that arrives is addressed by
JESUS!”

(READ THE NEW TESTAMENT)

GET GOOD at discussing parental decisions you are following with your spouse and child. That will assist your family in receiving powerful benefits with BLESSINGS you cannot think of today!

Mark 10-14, "Let the little children come onto me, and do not hinder them, for the kingdom of GOD belongs to such as these."

The real FATHER (GOD), taught HIS SON, JESUS!

Us parents need to get good at pleasant discussions with our children as they age! You will know when better communications are arriving as you receive information from your child. This best occurs when your child feels safe, comfortable and knows you are truthful and has their best interest for now and the future. This is finest when the child knows you yourself do all physical activities you encourage each of them to do. If you do not then the finest program to do is to admit it and even ask the child if they can forgive you! That is hard for a parent to do yet it is a fine valuable parental asset to possess.

COMMUNICATION IS POWERFUL

CHILDREN LOVE IT WITH PARENTS

SOONER IS BETTER THAN

Number 1, Father: is found in Matthew 6-9 as OUR
FATHER who is in HEAVEN---

Number 2, Father is our earthly father----

Number 3, Father may be Adopted Dad, Foster Dad, or

RECEIVING GOOD COUNSEL

PARENTS, need to be continually acquiring healthy new parenting techniques to employ in the new present plus future. What served well yesterday may not be as good to use today. Conditions are even as we visit here, now! Yesterday is gone, today is a present, with the future soon to be here.

THE NEW TESTAMENT, is the only source of total answers to every parental concern! In this book JESUS, actually gives life parental instructions to everyone in total.

PARENT AS JESUS

WOULD-

TALK IF NECESSARY!

It is true that our children learn much more by what we physically do, than what we say! **You, as a parent are being watched by your children.** That is a powerful ingredient that possesses much more influence on your

children than anything you verbally say! Following are some simple short examples you can parent think about.

Dressing, Verbal, Financial
Friends, Chores, Career Choices
Spiritual, Emancipation, Social

DATING YOUR CHILDREN
And GRANDCHILDREN

Pictured are children from grandparents that now have been together for 55 years. They are from three different families of the grandparent's children. Would you like some interesting truths about these youngsters?

8 of them are homeschooled. One attends a college, visits the library to learn about subjects he has no class in. Another plays RUBY for a college of over 30,000 students! Another at 18 years of age bought a used van

with her own money, did minor repairs, then sold it for \$7,000 more than she bought it for two years later. Now we will move on to you and yours.

Find a parental topic that can return family treasures to you today, tomorrow, the future and into ETERNITY that never ever stops! Is that OK with you? If so, let us continue with some good thinking material for parents and grandparents. Hopefully some of our thoughts will profit your total family well into each generation's future life skills. This will have the potential to get rid of much negativity neither generation is desirable of.

Each of us parents do not desire for our negatives to become positives in each of our children. We need to be super careful with that tendency. We will visit that subject later, in a pamphlet named **PARENTING POSITIVES**. NOW we will proceed to parents dating each of their children separately not together. There is a super special reason for that.

THE REASON? Each child is different from all of billions of people on this earth. Science proves that with the study of DNA or DEOXYRIBONUCLEIC ACID which proves

each person is different from all others. That has been proven true with over billions of times. You possess all kinds of data on it. All a good parent needs to do is search the internet on DNA to learn of it.

Now dating your children in each of their younger years has many special returns, like a super **good investment in the spiritual world**. Can you handle that? Actually, if you do your actions in the future will provide you with a good parental decision. That will return both child and parent many pleasures you cannot imagine today. They will be so different from even your thoughts today.

THE parents of the children pictured above are each premium in their own individual normal careers. Yet they are at the top of PARENTING IN PREMIUM RESULTS! This can be you also, REGARDLESS OF YOUR PAST PARENTAL RESULTS. Yester year is done, gone, over, if you desire it to be! Today is called the present. The truth is today is a PRESENT for each of us to be here. Each of us can use the PRESENT to make tomorrow better than today. As each of us are different, each of us can make the individual decision to make goals for the future. If we do, then we need to make good plans on how to make the future better. That is especially true on how to

parent so our children's future can even exceed ours. Can we begin at the top?

Mom and Dad created each child so it really depends upon each of us parents to create an environment for each child of ours to become aggressively good. The easiest best finest way to accomplish this goal is to "**PARENT JESUS STYLE**". All the other ways are a disaster. Accumulation of money does not do it! Neither does fancy expensive vacations, big homes, nice looking cloths, high-cost friendships, nor expensive educations.

Being the most important leaders of each child, parents have received the highest honor any person can obtain. No excuses are available. Each parent needs to constantly make the finest effort to parent well. Yes, past efforts may be recognized as misgivings but today is different as new opportunities are available. Life is always in changing motion with different options in our lives. With the **THINKERS GOD** delivered to each parent, us parents can make good decisions that serve our family the finest. This is and should be in continual motion to advance our family into betterment each and every day into the future – and far!

In this situation we are visiting the topic of **DATING**. With good parenting actions this can become a real joy in the coming years of our youngster's life. All this requires good actions by parents in advance of the so-called dating ages of a child. When done correctly this can be a super powerful action when dating time arrives in the child's life. **HOW SO?**

As a child grows through younger years parents are like GOD to them with total provisions in life. Food, Housing, Warmth, Clothing, Security and Safety are just a few of provisions they totally depend upon. Early in life also they are taught to walk, talk, then ABC's arrive with reading plus many other learning actions. Now the child is in early life years with a super beneficial action that is available.

DATING WITH THE PARENT is a valuable action, the earlier young age, the better. The date can be at a fast-food establishment the child enjoys. Parent pays, then asks questions while eating. Parent listens to gather information on what is inside their child's emotions. Kind of questions like this:

What do you like learning now?

What do you most like doing?

Can you get better at home chores?

What do you like about mom & dad?

What would you like to learn in the future?

Can you share with me what is important to you?

This is a real good sharing time with parent and child. It is private, intentional, informative for both plus builds bonding with each other. The parent gets good at asking questions **then listening!** On an infrequent yet repetitive basis both parent and child get like glue to wallpaper on a wall.

Define objectives as they may have multiple possible options for parents to visit evaluate, think about, then reach a good conclusion. PARENTING, is a gift HE let each one of us begin a treasure to create a child. Each of us enjoys the pleasure of how to create a child. Once the child is here it is them each father and mother receive the pleasure of parenting.

Diagnose the problem with questions, then a good discussion of possible answers can appear. Questions are short with answers normally not a whole lot longer. Begin good discussions on alternatives as Mom & Dad need to do this trait on a constant basis.

Choose best alternative. Have a good exchange with your spouse. At times this may be difficult as each of us are different, as DNA is different in each of billions of people. Mom and Dad need to recognize this truth on a constant basis. Each of us are not GOD yet HE did give us options to consider. Each of us are in a life condition with storms arising at different times. We need to realize each of us has a different vehicle (our body, mind & spirit

soul). Our life time, as a good parent, we just are required to make good adjustments. Families are not perfect, yet with continual adjustments we can keep improving in GODLY FASHION.

LIFE IS FULL OF CHOICES!

Implement decision making with good discussions. REMEMBER, life is in constant motion. Many times, a storm arrives. It is then we must realize each of us are in a different vehicle, making the effort to arrive with the good results that JESUS PREFERS FOR THE TOTAL FAMILY!

SUMMARY OF YOUR

DATING YOU

CHILDREN

We are created as OPPOSITES! What does that really mean in mom & dad talk? Each is opposite the other in a super topic called SEX. In DATING YOUR CHILDREN, you do not have to discuss this, but you are parenting at a higher level than this world knows. Your child is learning (hopefully) a bonding process with child and parent. How so?

SUPREME PARENTING

CHRISTIAN STYLE

FOR YOU & YOUR FAMILY

NOW!

This writing is specially just for you and your entire family, which includes Grandparents, parents, children, even grandchildren to arrive in the near future. The grandpa pictured above has a picture in his home with

the grandchildren. Posted below it is a short - statement that says this.

**“If we had known
GRANDCHILDREN WERE
SO GREAT WE WOULD HAVE
STARTED THERE FIRST”**

HERE IS ABOUT THE 3 OLDEST!

One plays RUGBY on scholarship at a University with over 30,000 students. Another, buys with their own money a

used camper van, then sells it two years later for \$6,000 more than it cost. Another attends college, visits the library to learn about subjects he has no class on! Yes, many changes are still occurring with our youngsters.

PARENTING WELL, is needed to be updated by all parents. Here are a few suggestions that are good to visit about. These will assist parents in the PRESENT & FUTURE to obtain assets, dividends, plus BONDING OF THEIR FAMILY now and the entire future. If that sounds good to you let us continue.

Get ready for some fun reading as we are going to explore real data on FAMILY PROFITABILITY. This is a topic each parent is placed in charge of inside their own personal family. Visited will by many different topics each parent is in total charge of real production. When correctly emplaced wonderful blessings begin to arrive. Many of these blessings arrive that are unknown. This is true with both parents, plus children.

How does this really occur? It all has to do with investments made by each parent. With investments we are not talking about dollars here. This is much bigger, a better investment than any dollars can ever return. Even more than that. What is all this really about? You already know that EDUCATION is a good investment for each of your children as they age.

Actually, there is a larger function each of us parents do as our children keep changing from day one after their birth! What is

that all about? Now simply get your thinker into good thinking position.

As our children keep aging, different actions are specifically needed by each of us parents. When mom is pregnant, we begin to provide special security, food, safety, protection, plus hopefully medical advice when needed. Then after the baby arrives sequential activities begin for decades of life.

Implementation of many events begin that require decades.

PARENTS ARE IN CHARGE OF

LEADING THEIR CHILDREN TO

BE BOSS OF THEMSELVES!

THIS, may sound strange yet it is true! Just take a good look at a total life cycle. Children arrive in this world totally dependent upon parents to feed, cloth, comfort, teach walking, talking, potty train plus other skills in especially younger years. When done correctly wonderful treasures begin to arrive in abundance. Eventually, each child needs to make good responsible PHYSICAL ACTIONS that hopefully are excellent for them. When adjustments are needed, they should be

recognized with quick changes. This should be independent of other influence as this world is aggressively desiring societal actions from all of us. Society, desires all kinds of displeasures of us. Over spending financials, fancier autos, overdoing clothing, nicer vacations, plus fancy food consumption are few desires SOCIETY IS ENHANCING US WITH.

You have noticed these in your life. If you really love your children, now is the time as a good parent to consult with your spouse, on parental parenting. Need a few examples? Refer back to the first picture. Here are a few truths of the three generational family pictures.

Grandparents are retired for years yet not tired.

One child transport's fuel at -315 degrees.

One child builds homes over \$10,000,000.

One has 8 children by birth and does CHRISTIAN MISSIONS!

One operates a SOCCER ARENA WITH 230 TEAMS.

One son in law drove over 600 miles just to ask Grandpa for his blessing to marry his daughter.

Several continents have received MISSION TRIPS!

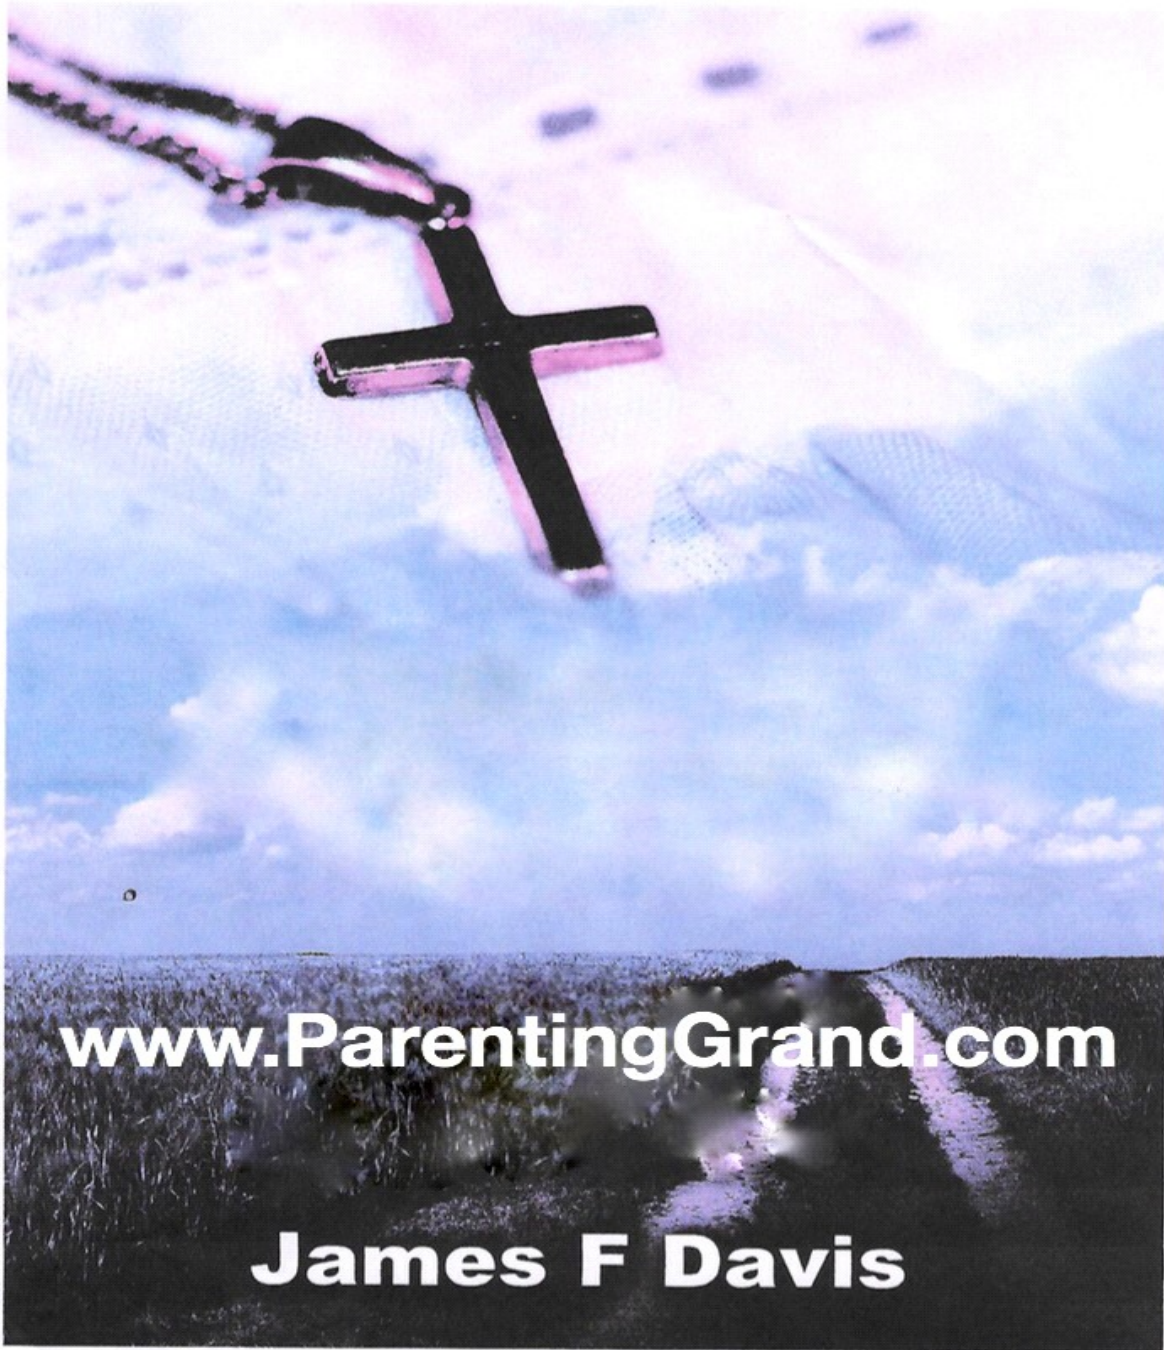

New CHRISTIAN HOME SCHOOL CREATED FOR PARENTS
ENOUGH SAID, on what this family has done and keeps
doing. As parents it is not the financial leftovers you
leave behind. What is the most important item you can
leave your children? Think about this. None of us have
seen a YOU HAUL at funeral in a cemetery. The truth is
when each of us pass on from this life on earth, you can
take nothing with you of earthy value. That is why you do
not see a YOU HAUL at a cemetery funeral. At the
cemetery it is **SPIRITUAL!**

SPIRITUAL TRUTH, has come to life in the cemetery
where there is no YOU HAUL! What now happens is this.
LEGACY, is the most utmost item of value any parent can
leave their family with. Your LEGACY is what you have
left behind in SPIRITUAL VALUE, being of the most
importance to children, grandchildren and great
grandchildren.

PARENTIAL – GUIDE TO
ENCOURAGING CHILDREN!

POWERFULLY FOR BOTH PARENTS to remember is this. Your CREATOR, has inserted you as a mom or dad to each of your children! Your parental actions in the past are just that – PAST. This is the present and it is a present for each of us to be here. We can make good decisions for the future which begins now as you are reading this. To make this decision come true we need two different items inside of our SOUL. What is that?

www.ParentingGrand.com

James F Davis

Author: CREATOR!

GOD, JESUS, & HOLY **SPIRIT!**

Truth has a wonderful history of CREATION; many people have no knowledge of. YES, most of us people have a beginning knowledge from where each of us began from. No, most of us do not have a real basis of how science was created by the real CREATOR, how HE created each of us scientifically, plus used

HIS own personal RECIPE to make each one of us individually different from every other person?

Are you really ready for this truth? For many people this will be difficult yet correct. Even so each of us should get our thinker to thinking WELL! Need one item that is special to each one of us people? That is your brain, your personal thinker! That is, your own personal property! How special your individual personal property from everyone else's? It is so private, no one else can ever use it! Yes, they can visit, they can by borrow information, they can visit, yet they cannot use what you personally have inside yourself. What is it? It is your BRAIN! Let us take a good look at how each one of us on how each one of us were CREATED by the GREAT ONE!

DEOXYRIBONUCLEIC ACID, is the words for DNA. That first word is 16 letters long that cannot be said by the writer. With each one of us we were created by GOD, the real the CREATOR.
