

First thing you must do is purchase your Medallion Hunt Pass at Ella Sharp Museum for \$10. Your pass will not only make you eligible to receive clues and questions from participating businesses during the hunt, it will give you free entry into "A Night of Wings and Roses" on Friday, June 5th where the cash prizes for this contest will be awarded.

Read on for details and rules!

- ❖ Local media will announce/publish/broadcast the names of businesses that are the "Medallion Hunt Business of the Day". One business will be announced per day for five consecutive days starting June 1. The Jackson Cit Pat, K105.3 and JTV are the three media outlets informing the public on what these businesses are each day.
- ❖ The Medallion Hunt Business of the Day will only give out their clue on the day they are announced in the media. Each business will hand out different clues and questions each day. Each hunter gets the same clue and question. You MUST show your Medallion Hunt Pass to receive a clue/question.
- ❖ If you miss getting to a business on a certain day and miss a certain a clue/question, you can purchase that clue/question for \$5 at Ella Sharp Museum in the days that remain OR go without the clue/question and hopefully the rest of the clues will be enough for you to find the Medallion. But without the question of that missing day, you'll be out of the running for the Question Prize.
- ❖ **If you are the one to find the Medallion**, you MUST immediately call Liz Niles at 392-3106 to let her know you found it. This is out of courtesy for the other hunters so we can put a sign up stating the Medallion has already been found and they don't spend hours looking for something that's not there. If you do not call, you will forfeit your prize money! We will be checking the location to make sure it's not been picked up. We appreciate your cooperation with this.

Clues for the Medallion Hunt:

The clues you are given are meant to be a simple progression to lead you to the Medallion. You will not be able to figure out where the Medallion is with just the first clue. If you do, you are a genius! ☺ As you collect the clues from our Medallion Hunt Businesses throughout the week, you will get closer and closer to finding the Medallion...we promise. There's a chance you could get lucky and find it by the third day, but we think it'll be a little harder than that. Good luck and remember, even though you're using your eyes to look for something, you may have to use other senses as well.

Questions for the Question Prize:

Along with each clue you receive, you will also get be given a question. These can be answered in various ways. You may call someone, use the internet, hop in your car and go to a location, etc. It may not be something you already know and for most, you probably won't know them all. You'll have to do a little research, but it's meant to be fun and offer another way for someone to win a prize. There will be an area on the back of your Medallion Hunt Pass to write your answers to the questions you are given with your clues.

To be eligible for the Question Drawing you must attend "A Night of Wings and Roses", turn in your Medallion Hunt Pass with your answers written on the back and wait to see if you've got all the answers correct. If you do, then you must hang out for a while until the drawing takes place at the event. All hunters who have all the questions answered correctly will be entered in the drawing and the winner will receive a cash prize.

There are two ways to win cash in the Medallion Hunt:

Cash prize amounts are determined by the number of participants in the Medallion Hunt. Encourage others to join the fun!

1. Be the hunter to find the Medallion - The person who finds and presents the Medallion on June 5 at the "A Night of Wings and Roses" event at Ella Sharp Museum will win a cash prize. To keep things exciting, we are asking that the Medallion holder does not reveal they have the Medallion until the ceremony at the event that night when you are asked to reveal you have it.
2. Win the drawing for correctly answering the daily questions given with your clues. With each Medallion Hunt clue you will receive a question as well. Answering the questions is not mandatory to win the Medallion Hunt cash prize if you are the hunter to find the Medallion, BUT it's another way you could win MORE cash if you answer the questions correctly and turn them in. You must attend "A Night of Wings and Roses" to turn in your answers and if all answers are correct, you'll be put into a drawing for the second cash prize.

Medallion Hunters can hunt for the Medallion and/or seek the answers to questions they are given with the clues each day. It's not mandatory to do both, but your chances of winning cash will increase if you decide to do both.

If you have questions, contact Liz Niles, Rose Festival's Rose Parade and Party in the Park Director at 517-780-4139.
